SOFTBALL BAT LIST

The Softball Playing Rules Commission adopted bat certification standards Pfective January 1, 2002. Currently, the (ASTM F2219) high-speed batted ball test (100 mph) is used for determining bats allowed to be used in WBSC World Championships, World Cups and the Olympic Games. Also included are the qualifying tournaments for both the World Championships and the Olympics.

August 31, 2008, marked the end of the period during which bats that complied with the previous WBSC bat performance standard (1.20 BPF) were permitted to be used in WBSC play. Bats containing the ISF 1.20 BPF stamp are NOT permitted in WBSC play. All bats must contain the ISF 2005 bat stamp or the WBSC Certified stamp.

La Comisión de las Reglas de Juego de Softbol adoptó la certificación del estándar de bates, a tomar efecto a partir del 1 de Enero del 2002. Al momento, el (ASTM F2219) la prueba de alta-velocidad de bola bateada (100 millas/hora) es utilizada para determinar los bates permitidos a ser usados en Campeonatos Mundiales WBSC, Copas Mundiales y Juegos Olímpicos. También se incluyen los torneos calificadores para Campeonatos Mundiales y para Juegos Olímpicos.

31 de Agosto, 2008 marcó el final del período durante el cual los bates que cumplieron con los estándares de ejecución de bate WBSC (1.20 BPF), que fueron permitidos a ser usados en el juego WBSC. Los bates que llevan el sello ISF 1.20 BPF NO están permitidos en juego WBSC. Todos los bates deben contener un sello en el bate que dice ISF 2005.
